Project Description

Write a narrative briefly describing the project components and/or characteristics (maximum of 300 words).

Construct solar well near the Wheatland ECP at Beale AFB. Well will have additional battery storage supply as required to operate during low light, inclement weather days.

I. Project Rationale/Issues Statement

Briefly describe the need for the project and the desired outcomes/deliverables (maximum of 200 words).

Wheatland Gate is the only commercial access point at Beale AFB. The solar well will supply water to the commercial vehicle inspection area (CVIA) facility. Additionally, the well shall be used to support water needs as required by the grazing program at Beale AFB.
