

Yuba IRWMP – YC-22

Project Short Form¹

Please fill out the following information to the best of your ability/knowledge. Once the project has been received, and a preliminary review completed, the project team will work with you to develop additional information.

PROJECT SPONSOR INFORMATION

Lead Agency/Organization	Yuba County Public Works
Name of Primary Contact(s)	Dan Peterson
Mailing Address	
Email Address	dpeterson@co.yuba.ca.us
Phone (###) ###-####	530-749-5642
Project Partners/Collaborators	RD 784
YWA Liaison	Terri Daly

GENERAL PROJECT INFORMATION

Project Title	N. Beale Road Complete Streets – Phase III
Project Total Budget (Attach detailed budget, if available)	\$6.8 million
Budget Breakdown	
Project Funding Match, if any	\$3,000,000 requested under Local Partnership Program – Competitive \$3,000,000 from Measure D Funds & Developer Traffic Impact Fees
Total Project Funding Need	\$800,000
Project Location (Attach map if available)	North Beale Road from Linda Avenue (main entrance to Yuba College) to 375 feet east of College View Drive
City/Community	Linda
Watershed/subwatershed	Linda
Groundwater Basin	
Funding Area	SRFA or MC
Project Priority (Select one)	High/Medium/Low
Project Type (highlight in gray <i>all</i> that apply)	Conceptual Feasibility Study Study/Assessment Planning Engineering/Design Permitting CEQA/NEPA Facility Construction Restoration Monitoring Best Management Practices Acquisition Demonstration/Pilot Project

¹ Completed Project Short Forms should be sent via email to Keri Rinne at keri.rinne@gmail.com

Please select the *status* of the CEQA/NEPA/Permitting for this project:

CEQA (Select one)	Exempt - Not Started - Initial Study - EIR – Determination - Unknown if Required
NEPA (Select one)	Exempt - Not Started - Environmental Assessment - EIS – Record of Decision - Unknown if Required
Permitting (Select one)	Not Required - Not started – Identified – Consultations Complete – Application Submitted – Complete – Unknown if Required

PROJECT DESCRIPTION

Write a narrative briefly describing the project components and/or characteristics (maximum of 300 words).

Phase 3 of the *North Beale Road Complete Streets / Safety Project* will primarily consist of constructing raised medians, left-turn lanes, sidewalks, paved bicycle lanes, curbs, gutters, storm drains, plus thermoplastic centerline and edge-line striping. Also included in Phase 3 will be a new traffic signal at Linda Avenue, drainage improvements, new streetlights, improvements to adjoining driveways and intersections, and an asphalt overlay.

PROJECT RATIONALE/ISSUES STATEMENT

Briefly describe the need for the project and the desired outcomes/deliverables (maximum of 200 words).

For this 2,500-foot segment, there have been ten (10) injury accidents and four (4) non-injury accidents during the period between 2017 and 2021. Two of these collisions resulted in fatalities, while two more of these collisions resulted in serious injuries. The primary project benefit will be a reduction in both injury and non-injury accidents. The project will also improve drainage throughout this section of roadway by removing the existing (undersized) roadside ditches and installing a storm drain.
