

## Yuba IRWMP – RD784-08

### Project Short Form<sup>1</sup>

Please fill out the following information to the best of your ability/knowledge. Once the project has been received and a preliminary review completed, the project team will work with you to develop additional information.

#### Project Sponsor Contact Information

|                                |   |
|--------------------------------|---|
| Lead Agency/Organization       | Reclamation District 784  |
| Name of Primary Contact(s)     | Steve Fordice/ Patrick Meagher  |
| Mailing Address                | 1594 Broadway, Arboga, CA 95061   |
| Email Address                  | <a href="mailto:steve@rd784.org">steve@rd784.org</a> / <a href="mailto:Patrick@rd784.org">Patrick@rd784.org</a> |
| Phone (###) ###-####           | (530) 742-0520  |
| Project Partners/Collaborators |   |

#### General Project Information

|  |  |
|--|--|
| Project Title  | Convert Feather River Center concrete lined canal to underground collection system   |
| Project Total Budget, based on current knowledge       | \$1.12 million   |
| Project Funding Match, if any                          | None   |
| Total Project Funding Request                          | \$1.12 million   |
| Can a detailed cost estimate be provided upon request? | Yes  |
| Project Location (map if available)                    | No   |
| City/Community   | Linda and Olivehurst   |
| Watershed/subwatershed                                 |  |
| Groundwater Basin                                      |  |
| Project Type (highlight in gray all that apply)        | Conceptual<br>Feasibility Study<br>Study/Assessment<br>Planning<br>Engineering/Design<br>Permitting<br>CEQA/NEPA<br><b>Facility Construction</b><br>Restoration<br>Monitoring<br>Best Management Practices |

<sup>1</sup> Completed Project Short Forms should be sent via email to Katie Burdick at [admin@burdico.net](mailto:admin@burdico.net) **and** Elizabeth Herrera at [Elizabeth.herrera@fishsciences.net](mailto:Elizabeth.herrera@fishsciences.net)

### **Project Description**

Write a narrative briefly describing the project components and/or characteristics (maximum of 300 words).

The Feather River Center cement lined, open ditch drains water from the mall parking lots and the Walmart facility. The open ditch runs parallel to Hwy 70 on the east side adjacent to Caltrans vegetative shoulder. The Caltrans owned, Eucalyptus trees continuously broken dropping limbs, branches and leaves into the open ditch requiring constant monitoring during storm events. High winds create a safety hazards for personnel working in the ditch during storms.

### **I. Project Rationale/Issues Statement**

Briefly describe the need for the project and the desired outcomes/deliverables (maximum of 200 words).

Piping the Feather River Center cement lined, open ditch would enhance worker safety and enhance the drainage system that serves the Walmart and the Feather River Center. Maintenance costs could be reduced.
